CERTIFIED PUBLIC ACCOUNTING FIRM

We Provide High Quality Services In Audit And Assurance, Tax, Accounting Controls And Consulting.

Tax Services & Advisory

Our main role as tax consultants is to check and ensure that you are paying only the taxes that you are supposed to; no more no less and that you keep abreast with the ever changing tax laws and provisions.

- ✔ Preparing and submitting tax returns on behalf of a taxpayer
- ✔ Liaising with the Kenya Revenue Authority (KRA) on behalf of a taxpayer on matters relating to tax
- ✔ Forensic tax audits and Value Added Tax (V.A.T) refunds
- ✔ Advising and/or representing a taxpayer in matters relating to tax before the Commissioner or the Tribuna
- ✔ Tax health checks
- ✔ Dealing with any other matters that relate to tax on behalf of a taxpayer.

Accounting & Internal Controls

Our main goal is to ensure that our clients adopt effective accounting procedures and processes that allow them to properly track their financials, report on, and comply with statutory obligations or stakeholder expectations.

- ✔ Bookkeeping services
- ✔ Preparation of accounts from the basic book-keeping records, through the general ledger procedures to preparation of annual reports and financial statements
- ✔ Preparation of simple performance statements for organizations.
- ✔ Review of financial systems (both manual and computerized)
- ✔ Internal control systems review.

Consulting

We offer strategic guidance on pivotal business matters and employ inventive, forward-looking methodologies to facilitate your adept navigation through both risks and opportunities.

- ✔ Management Consultancy
- ✔ Training on financial management, accounting, and taxation issue
- ✔ Information system development and design, Software appraisal, and Computer systems audit.

Our Services

Audit & Assurance

SIAN Strategies audit and assurance services help clients to navigate complexities, risks and opportunities by proactively managing and monitoring risks. It involves assessment of systems, processes, controls and efficiency, using innovative approaches. The ultimate goal is to help clients achieve higher performance, create sustainable growth and provide competitive strategies for differentiation.

- ✔ Statutory & Compliance audits
- ✔ Non-statutory audits (management and operational audits)
- ✔ Special purpose and limited scope audits
- ✔ Value-for-money audits
- ✔ Training and Implementation of International Financial Reporting Standards
